

SQL Advent Calendar

Santa's audit team is reviewing this year's behavior scores to find the extremes — write a query to return the lowest and highest scores recorded on the Naughty or Nice list.

Question 1: Santa's audit team is reviewing this year's behavior scores to find the extremes — write a query to return the lowest and highest scores recorded on the Naughty or Nice list.

```
SELECT  
    MIN(behavior_score) AS nice,  
    MAX(behavior_score) AS naughty  
FROM  
    behavior_scores;
```
