SQL Advent Calendar

Clara is reviewing holiday orders to uncover hidden patterns — can you return the total amount of wrapping paper used for orders that were both gift-wrapped and successfully delivered?

Question 1: Clara is reviewing holiday orders to uncover hidden patterns — can you return the total amount of wrapping paper used for orders that were both gift-wrapped and successfully delivered?

```sql
SELECT
    SUM(paper_used_meters) AS total_wrapped_paper
FROM
    holiday_orders
WHERE
    gift_wrap = true
    AND
    delivery_status = 'Delivered';
```
